Call for Special Sessions

<http://www.ieee-lascas.org>

The technical program of LASCAS 2020 will include special sessions to complement the regular technical program with emerging topics of interest to the attendees.

Special sessions proposals should be submitted by October 14, 2019, and must include:

- Title (approx. 10 words).
- Rationale of the need for the special session at LASCAS 2020. The rationale should stress the novelty of the topic and/or its contribution to the CAS community.
- Organizers name and affiliation.
- Short biography of the organizers.
- Session motivations and outline (approx. 500 words).
- List of invited papers including the author affiliation, paper title and abstract (approx. 150 words).

Special Sessions invited papers:

- The special sessions invited papers will undergo the same review process as the regular papers.
- The special session proposals acceptance notification, to be made based on session description and paper abstracts, will be sent on October 28, 2019.
- The deadline for invited full-paper submission is November 18, 2019.
- The special session papers are regular 4-page submissions, and if accepted they will be published in the conference proceedings and in IEEE Xplore.
- Notifications for special session papers will be available on December 2, 2019 and the camera-ready papers should be submitted by December 9, 2019.
